

Intelligent Platform Features

Map Your Future. Live routes for every capability below.

Paths are application routes on the public origin (for example `https://your-domain/student/dashboard`). Tokens such as `:id` and `:slug` are identifiers for a specific record.

Learning & Personalisation

FEATURE	ROUTE
Continue-learning intelligence	<code>/student/dashboard</code> · <code>/student/my-courses</code> · <code>/student/my-courses/:course-id</code>
Learning progress intelligence	<code>/student/progress</code> · <code>/student/dashboard</code> · <code>/admin/syllabus/:programId/progress</code>
Weekly learning activity tracking	<code>/student/dashboard</code>
Learning streak system	<code>/student/dashboard</code> · <code>/student/achievements</code>
Intelligent course recommendations	<code>/student/recommendations</code> · <code>/student/dashboard</code> · <code>/student/enroll</code>
Interest / tag-based programme matching	<code>/student/recommendations</code> · <code>/courses?q=</code>
Similar-programme recommendations	<code>/student/recommendations</code>
AI in-lesson tutor	<code>/student/learning/:course-id/lessons/:lesson-id</code>
Context-aware AI tutor (lesson / syllabus)	<code>/student/learning/:course-id/lessons/:lesson-id</code>

Also: `/student/learning/:course-id` · `/student/deadlines` · `/admin/plugins/ai`

Edith Personality Profile

FEATURE	ROUTE
Unified aptitude + quantitative + qualitative assessment	<code>/personality-profile</code> · <code>/student/personality-profile</code>
Single-sitting assessment experience	<code>/student/personality-profile</code>
Section-level assessment progression	<code>/student/personality-profile/take/:section</code>
Cross-section personality / aptitude analysis	<code>/student/personality-profile/report</code>
Automatically generated personality report	<code>/student/personality-profile/report</code>
Career / self-insight report generation	<code>/student/personality-profile/report</code>

Also: /enroll/edith-personality-profile · /courses/edith-personality-profile · /checkout?course=edith-personality-profile

Credentials

FEATURE	ROUTE
Automatic programme-completion certificates	/student/certificates
Unique credential verification codes	/verify/:certificateId · /student/certificates/:certificate-id
Personal certificate gallery	/student/certificates
Printable credential experience	/student/certificates/:certificate-id
Also: /student/achievements	

Admissions Intelligence

FEATURE	ROUTE
Dynamic application form engine	/admin/forms · /admin/forms/:id · /student/applications/:id
Conditional application questions	/admin/forms/:id · /student/applications/:id
Versioned application forms	/admin/forms/:id
Programme-specific forms	/admin/programs/:id · /admin/forms/:id
Configurable application lifecycle	/admin/applications · /admin/applications/:id
Application state enforcement	/admin/applications/:id
Application document verification workflow	/admin/applications/:id
CRM-gated enrollment	/enroll/:slug · /student/my-courses · /admin/programs/:id
CRM approval before learning access	/student/my-courses · /student/learning/:course-id
Application-to-enrollment state machine	/student/applications · /student/applications/:id · /admin/applications/:id
Also: /student/applications · /admin/enrollments	

Cohort & Intake Intelligence

FEATURE	ROUTE
Multiple intakes per programme	/admin/programs/:id · /courses/:slug/intakes

FEATURE	ROUTE
Capacity-controlled intakes	/admin/programs/:id
Application-window control	/admin/programs/:id
Public intake availability	/courses/:slug · /courses/:slug/intakes
Intake-specific enrollment handling	/enroll/:slug · /student/applications

Programme Intelligence

FEATURE	ROUTE
Visual syllabus builder	/admin/syllabus · /admin/syllabus/:programId
Module / lesson publishing control	/admin/syllabus/:programId
Per-lesson visibility	/admin/syllabus/:programId
Programme-level learner progress intelligence	/admin/syllabus/:programId/progress
Programme-specific CRM gating	/admin/programs/:id
Programme-specific merchandising metadata	/admin/programs · /admin/programs/new · /admin/programs/:id
Public catalogue: /courses · /courses/:slug	

AI Content Creation

FEATURE	ROUTE
AI assignment generation from syllabus	/admin/assignments/new · /admin/assignments/:id
AI quiz generation from syllabus	/admin/quizzes/new · /admin/quizzes/:id
Context-aware content authoring	/admin/assignments/:id · /admin/quizzes/:id · /admin/syllabus/:programId
Organisation-controlled AI	/admin/plugins/ai
Configurable AI provider / model	/admin/plugins/ai
AI connection testing	/admin/plugins/ai
Offline / mock AI mode	/admin/plugins/ai
Learner tutor: /student/learning/:course-id/lessons/:lesson-id	

Advanced Access Control

FEATURE	ROUTE
Capability-based permissions	/admin/members/roles · /admin/members/roles?view=permissions
Custom permission matrix	/admin/members/roles
Permission labels	/admin/members/roles · /admin/members
Role + capability hybrid authorization	/admin/members · /admin/members/roles
Organisation-scoped access control	/admin/members · /login
Membership-based learning access	/admin/members · /student/my-courses
Automatic access expiry / suspension	/admin/members
Also: /admin/members/invites · /admin/members/activity · /admin/members/groups	

CRM-Aware Enrollment

FEATURE	ROUTE
Outbound application sync	/admin/applications/:id
Application status sync	/admin/applications/:id
CRM approval / rejection callback	POST /api/crm/enrollment-callback
CRM-controlled learning unlock	/student/my-courses · /student/learning/:course-id · /payment/success
CRM sync audit trail	/admin/applications/:id
Environment-configurable CRM adapters	/admin/programs/:id

Commerce Intelligence

FEATURE	ROUTE
Personalised pricing offers	/admin/offers
Coupon rules	/admin/coupons
Application-fee + programme-fee unified payment stack	/checkout · /student/payment · /student/applications/:id · /admin/payments
GST-aware pricing	/admin/payment-settings
Offline payment reconciliation through UTR	/admin/applications/:id

FEATURE	ROUTE
Automated invoice generation	<code>/student/payment</code> · <code>/student/payment/invoices/:paymentId</code> · <code>/admin/payments</code> · <code>/admin/payments/invoices/:paymentId</code>
Payment-state-aware enrollment	<code>/enroll/:slug</code> · <code>/checkout</code> · <code>/payment/success</code> · <code>/payment/failed</code> · <code>/student/my-courses</code>
Webhook: <code>POST /api/payments/razorpay/webhook</code>	

Form & Workflow Engine

FEATURE	ROUTE
No-code form builder	<code>/admin/forms</code> · <code>/admin/forms/:id</code>
Conditional logic engine	<code>/admin/forms/:id</code> · <code>/student/applications/:id</code>
Draft → publish form versioning	<code>/admin/forms/:id</code>
Reusable forms across programmes	<code>/admin/forms/:id</code> · <code>/admin/programs/:id</code>
Configurable application workflow	<code>/admin/applications</code> · <code>/admin/applications/:id</code>
Enforced workflow transitions	<code>/admin/applications/:id</code>

Platform Extensibility

FEATURE	ROUTE
Public programme catalogue API	<code>GET /api/catalog/courses</code> · <code>GET /api/catalog/courses/:slug</code> · <code>GET /api/catalog/filters</code> · <code>GET /api/catalog/categories</code> · <code>GET /api/catalog/dump</code>
Admin programme management API	<code>GET/POST /api/catalog/admin/courses</code> · <code>GET/PATCH /api/catalog/admin/courses/:id</code> · <code>PATCH /api/catalog/admin/courses/:id/status</code>
CRM adapter architecture	<code>POST /api/crm/enrollment-callback</code>
Payment webhook architecture	<code>POST /api/payments/razorpay/webhook</code>
Enrollment callback architecture	<code>POST /api/crm/enrollment-callback</code>
Health / monitoring endpoint	<code>GET /api/health</code>

Quick map by workspace

WORKSPACE	ENTRY
Public catalogue	<code>/</code> · <code>/courses</code> · <code>/personality-profile</code>
Learner	<code>/student/dashboard</code>

WORKSPACE	ENTRY
Admissions & forms	/admin/applications · /admin/forms
Programmes & syllabus	/admin/programs · /admin/syllabus
People & access	/admin/members · /admin/members/roles
Commerce	/admin/payments · /admin/payment-settings
AI	/admin/plugins/ai
Leadership	/admin · /admin/enrollments · /admin/analytics/enrollments
